The University of Minnesota invites applications and nominations for the position of Vice President for Health Sciences. This person who serves as the principal line officer for a complex, exciting array of Health Sciences educational and service endeavors. They include the College of Pharmacy, and the Schools of Medicine, Dentistry, Nursing, and Public Health on the Twin Cities Campus, the School of Medicine at Duluth, the Mayo School of Medicine, as well as important programs in the allied health fields. The Vice President for Health Sciences is also responsible for the operations of the University of Minnesota Hospitals, one of this nation's leading university hospitals, for the various affiliated hospital arrangements, and for the University's extensive continuing education programs in the Health Sciences.

The Vice President for Health Sciences provides leadership and coordination to all of these areas, and works directly and closely with the President of the University. The Vice President for Health Sciences reports directly to the President of the University, serving both as a line officer and staff advisor to the President, and works closely and collaboratively with the other Vice Presidents. The Vice President for Health Sciences is charged with fiscal responsibility for the Health Sciences and works as a member of the Budget Executive of the University chaired by the Vice President for Academic Affairs and including also the Vice President for Finance and Operations.
The University is strongly dedicated to maintaining and continuing the development of its Health Sciences programs; thus, we seek a person of proven competence in providing administrative and educational leadership. Prior outstanding administrative experience and academic achievement are essential. We seek an individual with a strong, proven commitment to research, as well as to the education and service roles that are essential to the University's Health Sciences units. A proven ability to work effectively within a university setting and to foster ties with academic units outside of the Health Sciences areas, as well as a commitment and record that indicate effectiveness in working externally within the state and regional community, are essential qualifications.

The closing date for nominations and applications is November 30, 1981.

Send nominations and applications, with resumes, to:

Lee D. Stauffer, Chair
